STATE OFFICIAL ASSAULTED BY MEN IN STERLING SALOON

DEPUTY FISH WARDEN ORR OF
AURORA BEATEN INTO
UNCONSCIOUSNESS.

HAD JUST SERVED WARRANT

Had Read Warrant to Bert Heisler—
Says Fred Mercer, Saloon Owner,
Struck Him With Bottle — Orr
Plans Vengeance.

Deputy Fish Warden W. A. Orr of Aurora was brutally assaulted, beaten into insensibility and almost fatally hurt, in Fred Mercer's saloon in Sterling yesterday afternoon when he entered that place to arrest one Bert Heisler, for whom he had a warrant from Justice A. H. Hanneken's court in this city, charging Heisler with illegal fishing.

As was stated in this paper last evening, Mr. Orr had been sent to investigate the charge that someone was fishing illegally on Rock river near the Nelson bridge, and as a result of his investigation he yesterday swore out a warrant charging Bert Heisler with the offense. The cabin which Heisler has occupied and where he has done his fishing is about half a mile below the Nelson bridge, and as it is in Lee county the warden was compelled to get his warrant from a Lee county court.

Had Served Warrant.

Armed with the warrant and accompanied by Charles Levy and A. T. Manges, Mr. Orr went to Sterling in James Akeman's automobile after his man. The first stop in Sterling was at Petzel's saloon; as he was not there and, asking his companions to wait for him, the state official started out to look for his quarry.

He found him in Mercer's saloon on First Ave., talking to Will Hartman, a former Sterling saloon man, whose nets Mr. Orr claims Heisler has been using. The officer says he called Heisler into the rear room of the saloon and read the warrant to him, and the two returned to the front part of the saloon, when Heisler said he wouldn't go with the officer.

Hit With Beer Bottle.

Mr. Orr states that at this stage of the proceedings the saloon man, who he says was Fred Mercer, the proprietor, asked if he had a warrant for Heisler, which question he answered in the affirmative. He says Mercer then demanded to see the warrant, and that upon his refusing the request both Heisler and Hartman struck him. While he was engaged with the two, Mr. Orr claims the saloon man came around from behind the bar and struck him over the nose with a beer bottle. The blow rendered him unconscious and he knew nothing until about an hour afterward when he was found in a rear room of the saloon by Messrs. Levy and Manges who, alarmed by his continued absence, set out to search for him.

The two companions who found him relate unusual and inexplicable actions on the part of Mercer and his bartender, when they inquired for Mr. Orr. They state that at first the saloon men stated that the fish warden had gone to the hotel, then said they didn't know where he was, and finally after being closely pressed for an answer Mercer admitted that the injured man was in a rear room.

Had Been Unconscious.

Going into the room they found Mr. Orr seated on a chair, bleeding profusely and just returning to consciousness. Not realizing that the official was injured as badly as he was, they loaded him into the automobile and hurried to Dixon, and on their arrival here a surgeon was called.

The doctor who attended Mr. Orr's injuries found that his nose had been broken, a bad gash had been cut in the nose and another in the lip, and both eyes had been badly beaten, one being swollen completely shut and the other nearly so. Had the blow across the nose been of a very little more force it would undoubtedly have proven fatal to the officer.

Mr. Orr's family in Aurora were notified of the unfortunate accident to him, and his son Norman arrived in Dixon this morning to be with his father. Mr. Orr, however, is deter-

mined to see the thing through to the finish now and will go to Sterling next week and get warrants issued for Fred Mercer, Will Hartman and Bert Heisler, charging them with resisting an officer. He is also determined to have Mercer prosecuted on a charge of assault with a deadly weapon with intent to do bodily injury.

Will Sue for Damages.

Further, when the criminal proceedings are disposed of, Mr. Orr will, in all probability, institute suits for personal damages against Mercer and Hartman, both of whom are said to be men of considerable means. Pocketbook Missing.

This morning, after he had recovered somewhat from the effects of the brutal wounds he had received, Mr. Orr discovered that the Sterling ruffians had done their work as completely as possible without killing him, and he learned that his pocketbook, containing \$25 in bills, was missing and that, sometime when he was unconscious, his shirt had been removed and a cheaper one substituted. Whether this was done to remove the evidence of blood, or not, is not known.

Mr. Orr this morning was suffering considerably and therefore thought it advisable not to go to Sterling. However, he has received word from his superiors to push the case to the limit, and as the State of Illinois is back of him, it would appear that the Sterling "rough-necks" are in for a lively session.

The Sterling Story.

Sterling, Mo., 21.—Special to Telegraph—Bert Heisler, one of the men who is charged with having assaulted Fish Warden Orr, stated this morning that the reason he would not accompany the official was because the warrant was not properly "keyed." It is understood here that the made out, being for a "Bert Hawrant" has been sent back to Dixon and that a new one will be issued.

Dixon—Warden Orr, when informed of the statement of Heisler, asserted that as soon as he is able to attend to it he see that a proper warrant is issued for Heisler's arrest, and that after the assault charges are disposed of he will see that the fellow is prosecuted for violation of the fish laws.

Mr. Mercer's Story.

Over the telephone today Mr. Mercer stated to the Telegraph that Mr. Orr's statement of what took place there is greatly exaggerated. He claims that the fish warden was the aggressor in the fight and that he did all in his power to protect him. Mr. Mercer also denies that he or anyone else struck him with a bottle.

NEW KING PROCLAIMED

Constantine XII. Takes Oath as Greek Monarch.

Body of Dead Ruler Will Be Brought to Athens and Interred in a Mausoleum.

Athens, March 21.—Constantine, the new ruler of the Hellenes, took formal oath as king here today. He arrived in Athens yesterday.

He traveled to this city by automobile from the port of Phaloron, where he landed.

The new king was proclaimed Constantine XII, the last Byzantine emperor having been Constantine XI.

Messages of condolence and sympathy for the royal family, the Greek government and the Greek nation, as a result of the assassination of King George I, continue to pour into the capital.

The body of King George will be brought to Athens and interred in the mausoleum which he had constructed on one of the hills at Tatol, where he was accustomed to pass the summer.

Baltimore, Md., March 21.—E. Charnas, a waiter in a hotel here, claimed to have worked in the pantry of a New York hotel for more than a year with Aleko Schinas, the assassin of King George.

"Schinas told me many of his confidences," said Charnas. "I frequently quarreled with him because of his atheistic and Socialistic ideas. One of his favorite expressions which caused several scraps in the pantry was 'to h— with King George.'"

JUDGE SCOTT SENDS CARDS.

A number of Dixon friends have received cards from County Judge Robert H. Scott, who is taking in the sights around Chattanooga, Tenn. The Telegraph is in receipt of a card showing a view of Lula Falls, Lookout Mountain. The Judge states that he is having a fine time.

SECOND SLEET STORM DOES GREAT DAMAGE

PHONE SYSTEMS AGAIN DEMORALIZED BY STORM LAST NIGHT.

DAMAGE SEVERAL THOUSANDS

Home Phone Poles Down From Weight of Sleet on Wires—Lines Had Been Repaired—S. D. & E. Troubled.

Last night's snow and sleet storm has again tied up telephone lines and hampered street car service. Manager Lewis Pitcher this morning estimated the damage to the telephone system would amount to \$2,000.

All of the home long distance lines south, east and west of the city are down, and a number of the Bell lines are out of commission. The lines that are down are the same ones that went down in the storm of Feb. 22 and 23 and were just repaired within the past few weeks.

The interurban service on the S. D. & E. was badly tied up and it took the first car four and one-half hours to make the round trip between here and Sterling.

The Illinois Northern Utilities company reports only minor troubles. A transmission line on the Oregon system is out of commission.

Most of the damage from the storm resulted from the heavy deposits of sleet on telephone and trolley wires, the weight bearing the wires down.

The city car service at Sterling was not started until 9:40, the service starting here at 8:30. Supt. Coarneyer this afternoon stated that the snow on the tracks had little to do with hampering the service, the sleet on the wires being the main cause.

Telegraphic communication is practically cut off. There is no direct communication with Chicago, and all the Western Union messages are being routed by way of Davenport.

SPRING IS HERE. ISN'T IT FINE?

AT LEAST SHE WAS DUE LAST NIGHT BUT PERHAPS SHE MISSED HER TRAIN.

Spring arrived last evening at 12.2 minutes past 11 o'clock, accompanied by a howling blizzard, which heralded her gentle (?) approach. That is, spring arrived officially, but unofficially, she does not appear to be here yet. It may be several days—maybe weeks—before we will be convinced of the presence of that sentimental fairy. Allow us to add that we don't approve of the company she keeps.

MURDER CHARGED TO MRS. EATON

Widow of Admiral Arrested and Held After Inquiry Into Husband's Death.

POISON SENSATION DEVELOPS

District Attorney at Hingham, Mass., Declares Investigation Shows Arsenic Killed Naval Officer—Woman Sent to Prison.

Hingham, Mass., March 21.—Mrs. Eaton, widow of Rear Admiral Joseph G. Eaton, was arrested here, charged with the murder of her husband. She was a witness at the secret inquest into her husband's death, and drove from her home in an automobile accompanied by two police officers a short time before she was taken into custody.

It has not been determined whether the inquest into the death of the admiral will be resumed. It was intimated that Mrs. Eaton might not be brought to trial. The possible appointment of a commission to pass upon her sanity was suggested.

District Attorney A. F. Barker announced the arrest in the following statement:

"Mrs. Eaton is under arrest charged with murder of her husband, Rear Admiral Joseph G. Eaton.

Acts on Scientist's Report.

"Admiral Eaton did not die a natural death. This fact was communicated to me on March 10 by Professor Whitney, in a preliminary verbal report, and has been known to the officers working on the case since that time.

"Death was due to arsenical poisoning. Peculiar features which are involved have prevented the authorities from communicating them to the public.

"We have been unable thus far to ascertain where the poison was procured. Mrs. Eaton was arrested at her home at Assinippi."

Sent to Jail Without Bail.

Mrs. Eaton was arraigned before Judge Pratt, who conducted the inquest into the admiral's death. She pleaded not guilty and was committed to jail without bail for a further hearing March 28.

Admiral Eaton died suddenly on the morning of March 8. He was sixty-six years of age, but his friends said he had been in good health. Two days later the body was buried at Drott, his former home. There was no service at the grave, and besides the undertakers and newspaper men only the widow and her daughter by another marriage attended the burial. There were no military honors.

Served in Navy 39 Years.

The rear admiral had seen thirty-nine years of service in the navy. He commanded the transport Resolute at Santiago and received a medal of honor for his part in that battle. He was born at Greenville, Ala., and married twice. The present Mrs. Eaton was formerly the wife of D. A. Ainsworth, once a clerk in the United States senate. Her father was George Harrison, and the family home was at Alexandria, Va. She is forty years old.

Mrs. Eaton has two daughters by her first marriage—Mrs. June Ainsworth Keyes of Boston and Dorothy Ainsworth, who lived with her.

DEVINE PROPHECIES ELECTION OF LEWIS AND BOESCHENSTEIN

REPRESENTATIVE FROM THIS DISTRICT HINTS AT BI-PARTISAN DEAL.

EXPECT AID FROM PROGRESSIVES

Lewis Stated For Long Term and Boeschstein For the Short—Republicans Progressive Combination Impossible

Attorney John P. Devine, democratic representative from this district, in an interview this morning gave it as his opinion that the next week or so would see the election of two United States senators from Illinois and that they would both be democrats. He picked Col. J. Hamilton Lewis and Charles Boeschstein as the likeliest candidates.

Said Mr. Devine: "Lewis is almost sure to get the long term. That is the opinion of those who know; and judging from the sentiment that is rapidly crystallizing at the state capital Boeschstein, another democrat will get the short term."

Aid From Progressives.

Mr. Devine said that the election of these two would probably be consummated by the co-operation of the progressive representatives, four of whom voted with the democrats on Thursday.

No Prog-Rep. Deal.

"The chance for a progressive-republican bi-partisan combination on the senatorial fight is past," said the representative from Lee. He gave it as his opinion that the progressives, because of personal inclinations and orders from headquarters, would refuse to throw their strength to the republicans.

Mr. Devine stated that with the four progressives voting with them Thursday, the strength of Lewis was only one short of election, and that if every democrat had been present the Chicago statesman would have been elected. Devine has been voting consistently for both Lewis and Boeschstein. He will return to Springfield Monday to be present at the reconvening of the House on Tuesday.

ADJOURNS MILITARY COURT

West Virginia's Executive Frees All Paint Creek Men But Three.

Charleston, W. Va., March 21.—Governor Hatfield adjourned the military court of the Paint Creek district before which 49 prisoners, all members of the soft coal miners' unions, have been on trial, charged with conspiracy to murder, pardoned 18 of the prisoners and freed all the remaining prisoners except John Brown and two others who are accused of being most active in the disturbances. Among the prisoners is Mother Jones, a famous character of this section, who must agree to leave West Virginia.

TITANIC SURVIVOR TO WED

Miss Margaret Hayes Will Be Bride of Newport Physician.

New York, March 21.—The engagement of Miss Margaret Hayes, daughter of Mr. and Mrs. F. K. Hayes of this city, the young society girl who rescued the two little French children in the Titanic wreck and mothered them for a month while the police of several countries were conducting a search for the children's parents, to Dr. Charles D. Eaton, physician to the Newport summer colony, was announced here.

INDICT NORDICA'S HUSBAND

Geo. W. Young and Others Are Charged with Conspiracy.

Jersey City, N. J., March 21.—George W. Young, husband of Mme. Nordica; his brother, Alvin Young; W. H. Cooper and S. J. Van Slyke were indicted here for alleged conspiracy. The accused men controlled the Part au Prince Realty company, a widely advertised concern, and it is alleged they defrauded several persons.

Seized as Embezzler.

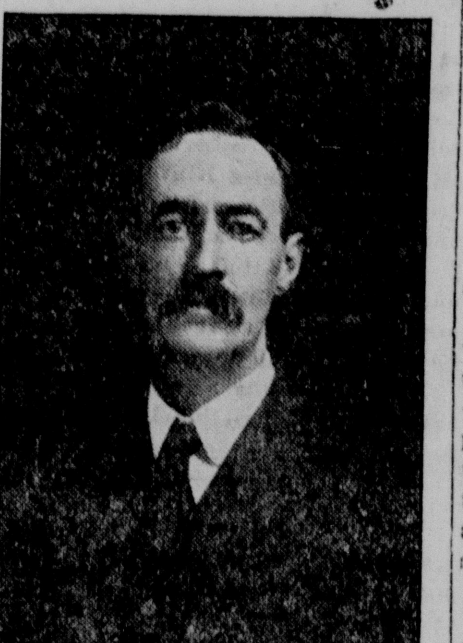

Calgary, Alberta, March 21.—Charles Henry Minchin, former alderman and city treasurer here, was arrested on charges of embezzling \$8,500 from the city.

Maxine Elliott Denies Wedding.
New York, March 21.—Maxine Elliott, the actress, has cabled from Cannes a denial of her reported engagement and marriage to A. F. Wilding, the English tennis player.

TAPS ARE SOUNDED FOR CAPT. M'GRATH

COMMANDER OF DIXON COMPANY THROUGH SPANISH WAR IS DEAD.

Captain Philip McGrath, who led company G, Sixth Regiment I. N. G., through the Porto Rican campaign of the Spanish-American war and who was one of the most popular National Guardsmen in the service of Illinois, passed away at his home, 40 College avenue, in this city, at 3 o'clock this morning.

CAPT. PHILIP M'GRATH,
Who Passed Away Early This Morning.

morning, death resulting from tuberculosis, with which the deceased had suffered for some time.

The funeral services for the veteran will be held Sunday at 2 p. m., at the house and at 3:30 at St. Patrick's church, with interment at Oakwood cemetery.

Although Captain McGrath had been seriously ill for some time, and his death expected, his passing is a shock to many friends who, because of the absolutely fearless, straightforward and big-heartedness of the man, have learned to love him and hoped against hope for his recovery.

Probably the men who served under him during the campaign in Porto Rico will feel the passing of their beloved commander more than anyone else, except his family, for during those days Captain McGrath never forgot the men under him, and not a day passed but he worked for their comfort and interest. The obituary will be published tomorrow.

FIRE PERILS 100 GIRLS

Many Hurt in Philadelphia Factory Blaze.

Workers Trapped in Burning Structure Jump Three Floors—Unconscious Women Are Saved.

Philadelphia, March 21.—One hundred girls were resourceful in the face of death when fire destroyed the plant of the Munyon Homeopathic Home Remedy company in West Philadelphia.

After five of their number had been blown from a third story window by an explosion, the others used stratagem to escape from the roaring furnace.

Trapped on the third floor, they improvised a swing by which they could throw themselves from the windows and land upon the soft dirt of a nearby railroad embankment, practically uninjured by the fall.

Many were overcome by fumes. After firemen and other rescuers failed to reach the prisoners the unconscious girls were carried to windows by their sister workers and thrown out to men, who caught them in their arms below.

The girls who saved the lives of their companions risked their own by lingering in the burning building, rocked as it was by one explosion following another.

Several of the victims of the fire will die and others are crippled for life. A pulmotor saved twenty.

The fire is one of the most spectacular and dangerous this city ever has seen.

TO RESIDE HERE.

E. R. Felkins and wife of Belvidere have come to Dixon to reside. They have taken up their residence at 915 W. First street. Mr. Felkins spent some time here last summer, and is much pleased to return. He fills the position of testing engineer for the Utilities company, resigning as district inspector at Belvidere.

MAY BUILD FISH HATCHERY HERE

STATE WILL SPEND \$40,000 FOR A FISH HATCHERY ON ROCK RIVER.

FISH CLUB IS HARD AT WORK

Dixon Regarded Favorably as Location and the Local Organization Should Make Concerted Effort to Get It.

A \$40,000 state fish hatchery may be built on Rock river this year, and if the state fish commission succeeds in getting the appropriation, the hatchery may be erected at Dixon. Such is the information this paper has received from an official connected with the state fisheries department, who is very friendly to Dixon and Dixon fishermen.

In an interview with a representative of this paper the official stated that the state fish commission had decided to build a hatchery on the popular northern stream, provided the legislature makes the appropriation, and that Dixon was looked upon as a most favorable place for the institution.

Fish Club to Work.

According to reports the legislature will in all probability pass the appropriation bill and as soon as that action is taken a concerted effort will be made by the Dixon Fish club and several state officials to secure the location of the hatchery here. The Dixon Fish club is the strongest and most active organization of its kind on the river, and its members believe that, aided by the state officials who have pledged themselves to work for the location of the institution here, it can be secured.

START WRECKING BROWN BLOCK

Contractor McAlpine Starts Crew to Work Razing the Building

Pink and White Luncheon.

Yesterday Miss Clara Rink was hostess at a luncheon for Miss Hazel Noble, whose marriage to Dr. Clevidence will take place soon and who has been the recipient of many pre-nuptial courtesies.

An exquisitely appointed luncheon was served, the table being artistically decorated in spring flowers. The centerpiece was an oval formed of beautiful pink and white tulips banked with ferns. At either end of the table were placed three candlesticks, in which rested candles in pink shades. The place cards were miniature lady-slippers to which were tied tiny bags of rice.

At each course the guests were treated to a surprise and delight in the culinary art, and the viands were as pleasing and artistic to the eye as they were tempting and appealing to the palate. The salad especially, is worthy of mention; it looked astonishingly like a huge carnation, and much more tempting, and so on through the courses, each entree being more appetizing than the preceding one.

The guest of honor of the afternoon was charmingly gowning in a creation of lavender, complementing the color scheme by the hostess. A delightful time was experienced by all attending, Miss Rink fully proving her reputation as a hostess of unequalled tact and graciousness. Merriment held full sway and the memory of the pleasant occasion will long remain with those who were fortunate enough to attend.

Miss Noble was presented with a beautiful real lace handkerchief by the hostess.

Attractive Cards.

Attractively engraved calling cards may be obtained at reasonable prices at this office.

For Miss Noble.

Mrs. Edgar Crawford and Miss Grace Crawford entertained the members of the Kendall club last evening at the home of the latter with a miscellaneous shower for Miss Hazel Noble.

Dainty refreshments were served from an uniquely decorated table, the decorations appealing strongly to each feminine heart. The centerpiece consisted of a large bandbox in which each guest placed her gift for the future bride. At each place was a tiny bandbox, a dream of an Easter hat in each box, making most unusual and pretty place cards. The event proved one of much enjoyment to all.

Dinner Saturday Evening.

Mrs. F. J. Rosbrook will entertain with a dinner Saturday evening in honor of her sister, Miss Ruth Wilcox of Chicago.

Entertain.

Mr. and Mrs. Avery Baxter of Waukegan entertained a number of friends last evening at their home with cards and supper.

The Keynote to Satisfaction

You get a satisfactory pair of glasses by just buying two lenses in a metal frame.

You must have skilled service first. The refractive errors of your eyes must be measured accurately. From these measurements the Optometrist figures out the formulae by which your lenses are ground.

The grinding of the lenses, the selection of the proper mounting to meet your individual needs, and the final adjustment of the glasses to your face are all operations requiring highly specialized skill.

But for these operations to be of value to you, they must be based on a careful examination of your eyes. That is the keynote to satisfactory glasses.

A Message of Good Cheer For the American People!

"The coffee you want at the price you want to pay" is our message to you. You no longer need regard specially blended coffee of exceptional flavor as a Costly Luxury. Aside from the superior drinking qualities of **Mex-o-ja**, the price of this perfectly blended coffee is within the reach of all.

It is a coffee which your dinner guests will compliment and our fifty years of experience in the coffee business warrants the claim that **Mex-o-ja** is positively unmatched at the price. Properly brewed, **Mex-o-ja** will yield a **FULL RICH DRINK** heretofore obtained only in the higher priced brands.

All the science and painstaking care entering into its preparation would be lost if we did not know first of all how to choose the raw material.

The distinction of High Quality minus the High Price which we claim for **Mex-o-ja** coffee is made possible because of our superior facilities for selecting the berries from the famous coffee producing countries of Sao Paulo, Brazil, and the mountainous districts of Mexico. Certain berries which we select from these varieties compose the blend of **Mex-o-ja**. We can offer you **Mex-o-ja** at a reasonable price solely on account of our superior **ORGANIZATION**, since we are the largest coffee merchants and roasters

in the world, with branches in all the famous coffee producing and selling centers.

The price of **Mex-o-ja** is based upon the price of green coffee, and is subject to revision in accordance with the price of the raw material. This feature enables you at all times to buy **Mex-o-ja** at the correct market value. It also means justice to the grocer, who is the logical distributor of coffee and entitled to legitimate profit. Buy a pound of **Mex-o-ja** from your grocer today; grind it at home and prepare it in the usual manner. The result will be a cup of coffee which will make you a steadfast friend of delicious **Mex-o-ja**. That the exceptional value of **Mex-o-ja** is quickly recognized is clearly proven by the many unsolicited letters received by us.

Mex-o-ja is never sold in bulk. It is a perfect coffee, perfectly packed.

You will know our Protector Carton by its green and red stripes. Each carton contains the sealed bag of full measure, one pound, net weight, **Mex-o-ja** coffee.

NEWSPAPERS OF STERLING JOLTED

SUPERVISORS CONDEMN THEIR ATTITUDE IN LENNIE BRY. AN CASE

Sterling Standard—The mysterious death of Leonard Bryan in Sterling on Christmas night was brought up again recently yyyyyy yysteyyyy up again last week by the members of the board of supervisors at their meeting.

The recalling of the death came in the presentation of a resolution condemning the press of Whiteside county for the attitude taken in the controversy that ensued between Coroner Frye and Supervisor Matt Wolber relative to the defraying of expenses of an inquest to ascertain the cause of the newspaperman's death.

According to the resolution some of the members figured that the at-

titude of the press in the matter belittled certain members of the board.

The resolution set forth that the press of the county had printed the controversy without knowing the true facts of the case, and further, that the board had no desire to condemn any officer in the pursuit of his duty and that all just bills had been paid for by the board when presented by all officers.

The resolution did not designate any particular officials or papers, in the county, but was made general to escape casting any reflections on any but the newspapers.

At the time of the death of Bryan, the coroner insisted that the board of supervisors had cut bills for autopsies previously and that he did not intend to incur further expense unless the board agreed to pay the expense, or the expense was authorized by the state's attorney.

Supervisor Wolber replied to the statement and a wordy battle ensued with the result that the trouble got into the papers and was pretty thoroughly aired.

H. WILSON QUILTS OFFICE IN HUFF

Bryan's Assistant Disagrees With President on China and Resigns Post.

CHIEF EXECUTIVE'S REPLY CURT

Accepts Resignation in a Brief and Sharp Note—Recognition of the Chinese Republic May Come Soon—Elliott for Envoy.

Washington, March 21.—Huntington Wilson, assistant and acting secretary of state, resigned, and his resignation was accepted immediately by President Wilson. The Chicago man found himself at odds with the new administration's Chinese policy, and in a letter of 1,000 words expressed his views on that subject to the president.

Friends of the administration regard the tone of Huntington Wilson's communication as presumptuous and almost impertinent. The brevity and sharpness of the president's acceptance bespeak the administration's view of it. The president's note was as follows:

"My Dear Sir: Allow me to acknowledge the receipt of your letter of yesterday, and to say that I accept your resignation, as you suggest, as of the present date."

Case Weakened by Delay.
Some of the friends of Huntington Wilson here say that he made a mistake in not resigning as soon as the president called off the negotiations for the Chinese loan. They think that by waiting he weakened his case. If it had any initial strength. Mr. Wilson is an appointee accredited to Illinois. His original sponsor was Shelby M. Cullom.

In his letter to the president the retiring official wrote:

"It today becomes the duty of the acting secretary of state, in dispatching instructions to the representatives of this government abroad and as the channel of communication with the representatives of foreign governments at Washington, to be spokesman of the president in regard to a new far eastern policy which is apparently deducible from your statement issued to the press last night."

"Inasmuch as I find myself entirely out of harmony with this radical change of policy as I understand it, I trust that you will sympathize with the view that it was not appropriate that I should longer retain the responsibilities of the office which I have now relinquished."

Assails President's Action.

"I had no reason to suppose that the officials on duty in the department of state would learn first from the newspapers of a declaration of policy which I think shows on its face the inadequacy of the consideration given to the facts and theories involved, and the failure clearly to apprehend the motives leading to and the purpose of the policy superseded."

"I had no reason to suppose that the fate of negotiations which had so long had the studious attention of the foreign offices of six great powers would be abruptly determined with such quite unnecessary haste and in so unusual a manner."

"These methods, against which I respectfully protest, are the very extraordinary circumstances which I feel vitiate my understanding with Mr. Bryan and completely relieve me of any further obligation in the premises."

Chinese Recognition Hinted.

John R. Mott of Montclair, N. J., it is said, has declined an offer of appointment to be minister to China. Mr. Mott is a Y. M. C. A. official who has been identified with the missionary movement, especially in the far east. It is said Mr. Mott has been asked to reconsider his declination.

It is also intimated at the White House that with the selection of a minister to China formal recognition of the republic may be announced by the United States. The subject is under consideration by President Wilson.

May Not Take Elliott's "No."
At the White House it was said that the reported declaration of Charles W. Elliott, president emeritus of Harvard, that he would decline a diplomatic appointment if one were offered, might not deter President Wilson from urging Doctor Elliott to reconsider and take under advisement an offer of a foreign post.

MONTEREY IS MENACED

Two Thousand Rebels Are Marching on the City.

Town Garrisoned by 1,200 Federal Troops Under General Aubert—Lively Fight Expected.

Mexico City, March 21.—A rebel force of 2,000 men is nearing Monterey, preparing to attack that city sometime today, according to private dispatches received here. Monterey is defended by a garrison of 1,200 federal troops under command of Gen. Tracy Aubert. Rumors of plots and counterplots revolving around the delivery of this garrison to the rebel forces have been current for several days.

Martin Espinosa, jefe politico of Tepic, has rebelled, and all the rurales of Tepic have joined him. This brand new and unlooked-for revolt will add tremendously to Mexico's troubles.

Monterey, Mexico, March 21.—Gen. Geronimo Trevino, governor of the state of Nuevo Leon has resigned. His resignation is taken to mean that he is out of harmony with the Huerta forces.

150 Imprisoned in Mine.

Moundsville, W. Va., March 21.—Shortly before three o'clock a hoisting cage in the shaft of the Moundsville Coal company's mine here dropped, completely blocking the only entrance into the workings. One hundred and fifty miners at work in the mine are imprisoned.

Strike on Easter Gowns.

Boston, March 21.—A thousand ladies' tailors took advantage of the Easter rush to strike for higher wages here. Sixty shops are affected, and employers who promised many gowns for Sunday find themselves in a serious predicament.

GIVES \$650,000 TO CHARITY

Mrs. Elizabeth Milbank Anderson Donates Fortune to Aid Poor.

New York, March 21.—A gift of \$650,000 by Mrs. Elizabeth Milbank Anderson for social welfare laboratories to be conducted by the New York Association for Improving the Condition of the Poor was announced by the association here. The gift is the largest single one ever made to the association, and, so far as is known, to any organization for a similar purpose except the separate foundations, such as the Russell Sage foundation.

Charged With Embezzlement.

New Orleans, La., March 21.—A. O. Pessou, local manager of the Union Central Life Insurance company, was arrested, charged with forgeries and embezzlements which may aggregate \$70,000.

Grants Stay in Frauds Case.

New York, March 21.—Judge Mayer granted a stay in the case of Albert Freeman, who, with Julian Hawthorne and Dr. William J. Morton, was convicted of using the mails to defraud.

Train Coach Upset.

Akron, Ohio, March 21.—Eight persons were injured when a coach on a Cleveland Terminal Valley train turned over near Canton.

20th CENTURY WARM AIR HEATERS

The universal opinion of those who have tested all styles and manners of heating for years is that Warm Air Furnaces, generally, are the most practical, sensible, simple and economic heaters of any plan yet devised. The only remaining point to be considered by the user is the particular make of furnace to select. The matter of price,—first-cost—being practically paramount to a given quality in all makes, a good and practical Warm Air Furnace is clearly within the possible reach of every home-owner, whether city, town or country.

The matter of selecting the most advisable one should depend wholly upon the several features of its construction that go to make up a really durable, economical and simple one:—one that costs little for repairs, takes the least amount of fuel, burns all kinds of fuel, requires the least labor to handle, and yet produces the greatest possible amount of warm-air units, and distributes these into the rooms to be heated and not into the cellar or out the chimney flue. These features are wholly dependent upon the construction of the several parts of the Furnace. It is to these several parts of the XXth Century Furnace that we wish to refer in order.

The above cut illustrates the base, ash-pit and drop front grate. The grate is shown with drop front lowered in position for the removal of clinkers and other foreign substance.

Ash-Pit

Both the Ash-Pit and the door opening into it are very large; so large that all parts of the grate and grate-rests may readily be placed in position or removed through the ash-pit door. The great advantage of this convenience can readily be seen when you remember that in most furnaces, you are obliged to remove the front and take down the entire furnace to get at the grate—the labor alone costing more than the broken part itself.

The XXth Century Fire-Pot

The Fire-Pot is the very heart of the Furnace. Upon it and its construction depends not only the life of the Furnace, but also the active heat-producing power of that Furnace. Following these the matter of economy in fuel is a natural consequence.

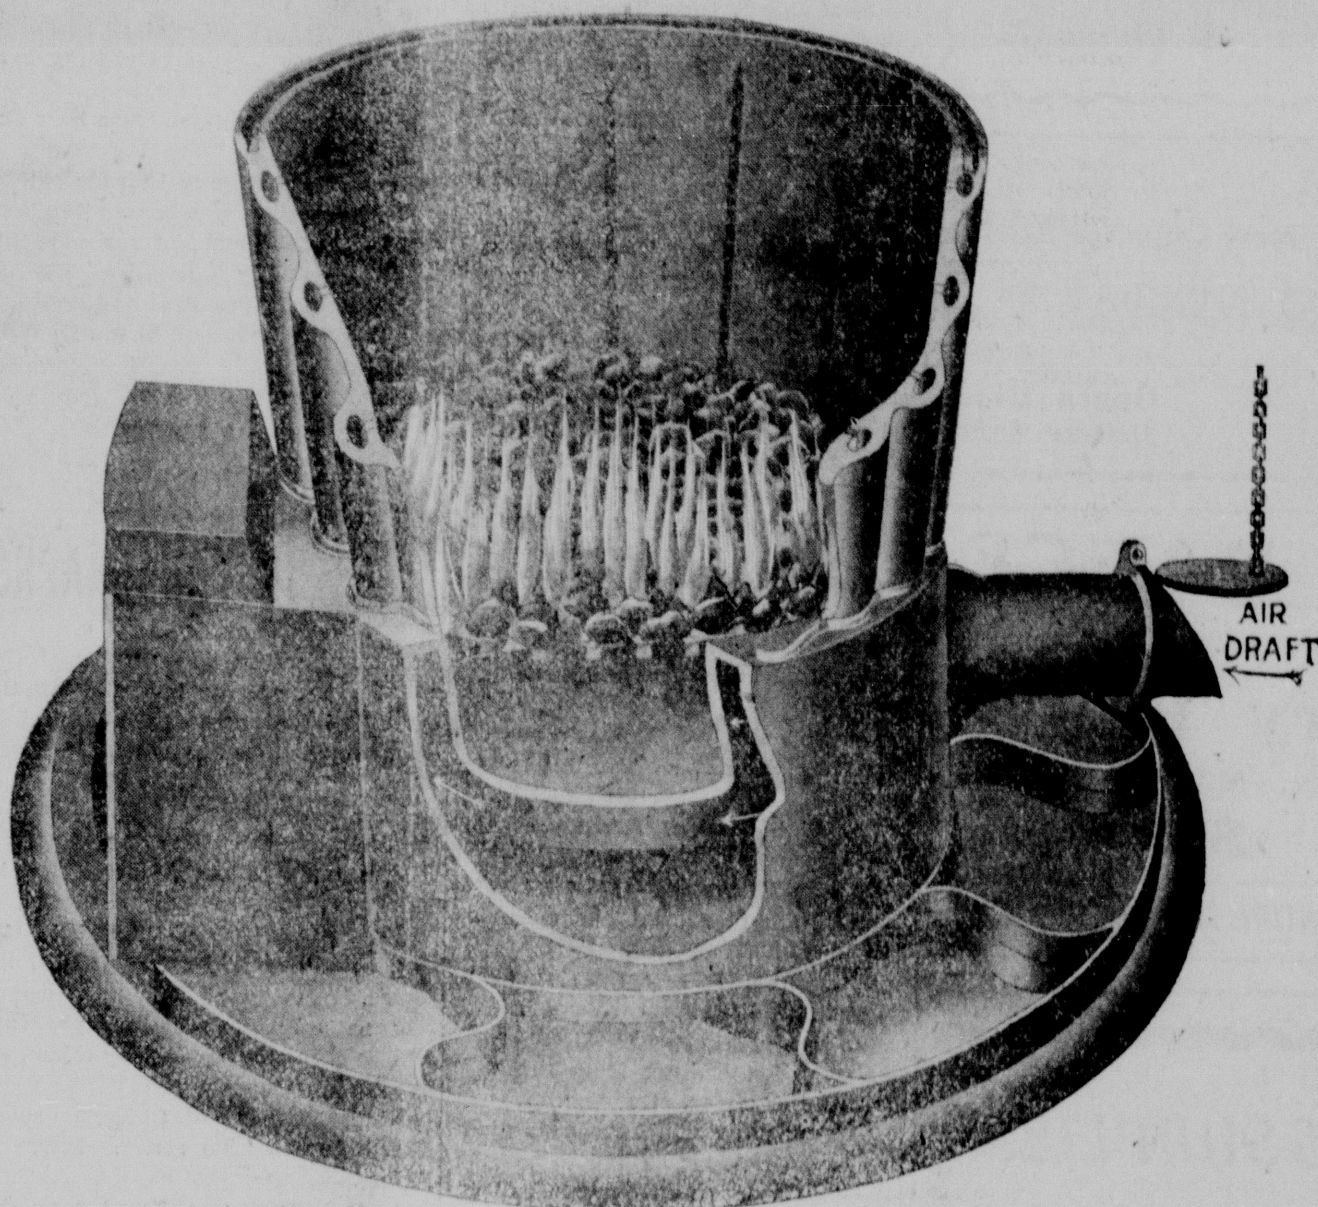

The furnace can be no better than the Fire-pot.

The greatest possible volume of heat is obtained from an even burning of the fuel distributed over the entire surface of the Fire-pot. Note how our exclusive patent forces the fire to burn evenly and from the outside edges toward the center, forcing the greatest possible heat.

The XXth Century Fire-Pot is built upon the principle of air cells and slots leading from the Air Chamber around the circumference of the Fire-Pot and into which the air is fed. From here it is forced up into and through the fuel by means of a number of air slots and cells evenly distributed around the outer circumference of the fire surface. The simplest logic of reason shows that it is now impossible for the fire to burn in the old style of a center mass, but must burn evenly around the entire fire surface that is next to the fire bowl.

It must be borne in mind that the principle of the air-cell distribution is not, in itself sufficient to produce the result desired. Together with this, must be incorporated the free air-feed of the circulating air chamber in ash-pit that leads to the ash-pit intake and is controlled by the draft gate; and the whole must be so evenly measured in feed-power and capacity as to produce the perfect combustion sought. The air chamber, intake pipe, and controlling gate, are equally important factors. The openings in the fire-bowl are as large as a broom handle, and the slots leading into the inside, the width of a lead-pencil.

These are always open and feed the air evenly all around the fire-bowl so the fire burns not in one place but around the entire surface, just where the air blows in.

Illustrating Base, Ash-Pit and Fire-Pot used

Note the patent circulating air chamber which FORCES a draft that guarantees a positive distribution of the air thru the walls of the Fire-Pot. A handful of fuel burns as evenly around the entire Fire-Pot as if the Fire-Pot were full.

The drop apron on the inside of the ash-pit is as important as the openings in the fire-bowl.

The air draft at the back feeds into the ash-pit but outside of this drop apron; so all the air has to pass up through the slots in the fire-bowl in order to enter the fire.

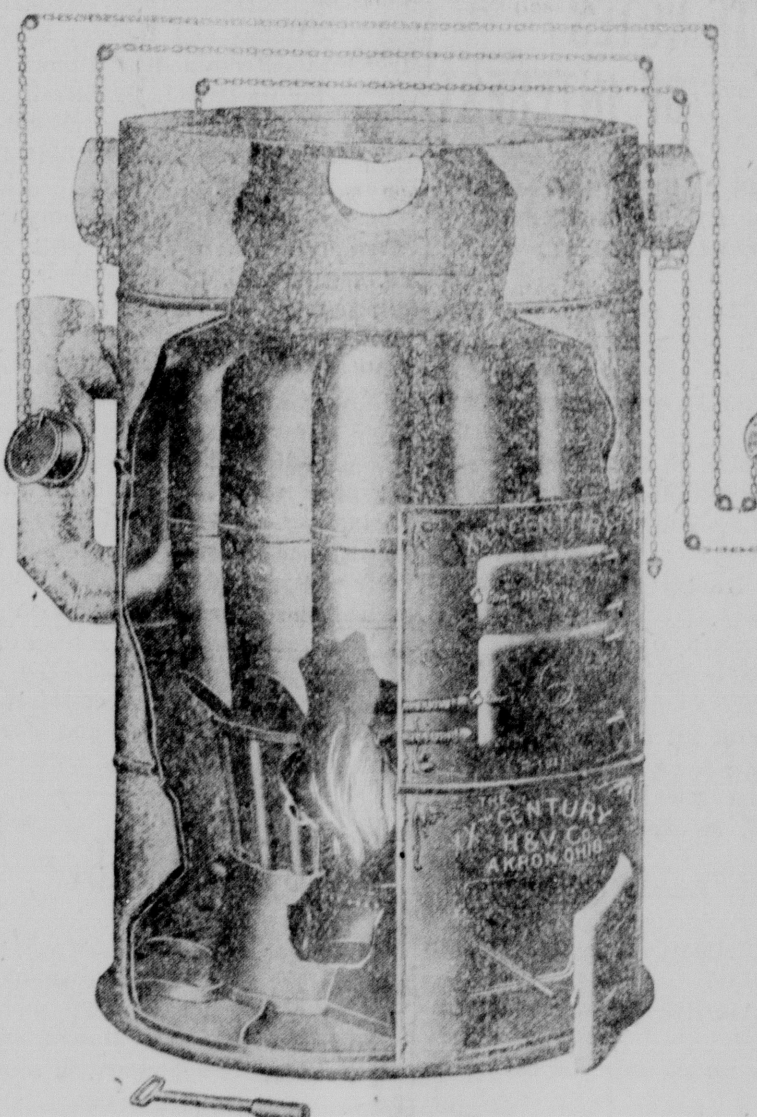

THERE IS NO DRAFT DOOR IN THE ASH-PIT DOOR.

In the ordinary furnace taking its draft in the front of ash-pit, 33 per cent of your fuel passes out of the chimney unburnt.

By admitting the air all around as the XXth Century does this is burnt.

That is why it saves you over 1-2 your coal bill.

Watch the chimney of the common draft furnace and the XXth Century.

The Test of Time

Has proven beyond doubt that our method of combustion is correct, and complete, and has proven that it is more durable than any other Furnace made.

There Are a Score

Of manufacturers of Furnaces that have sought to imitate the XXth CENTURY Forced Draft Principle.

"Imitation Is Often Sincere Flattery" They Burn All Kinds of Fuel—Especially slack and cheap grades of soft coal with perfect satisfaction, as well as hard coal, gas and coke.

With Its Patent Regulator —Holds the fire, even with soft coal, for 48 hours and saves the vexing labor of rekindling the fire.

Has a Self-Cleaning Radiator—Made of corrugated cast-iron, with no clogging, burning-out, or trouble from revertible flues.

Ask us for the names of those using them.

When Building

Specify the XXth Century Furnace and you get the best.

SAYS MADERO WAS SLAIN IN PALACE

Editor Declares He Can Prove Mexican President Was Murdered.

CALLS GUARD ATTACK A RUSE

Ambassador Wilson Said to Have Told Wife of Executive, Before His Execution, There Was No Hope —Flees the Country.

San Francisco, March 21.—Colonel Manuel Blanco Alcala, publisher of the New Era, a Mexico City newspaper, generally regarded as the mouth-piece of the late President Madero's administration, arrived here with the assertion that he "is in a position to prove" that Madero was shot to death and that Vice-President Suarez was strangled in the national palace on the night of February 23, and their bodies taken to the prison in an automobile.

"The reported assault by the guard," said Alcala, "was merely a farcical ruse and a part of the plot. If the automobile was fired upon the guards were only pouring lead into the dead bodies of the president and vice-president, who were murdered in the palace hours before."

Accompanied by his wife, two small children and his brother, Alcala fled from Mexico City February 23, taking an obscure route to Salina Cruz. The party disguised themselves as peasants. On reaching the west coast port the party remained for 12 days in seclusion, believing they would be killed if discovered by agents of the new government. They chartered a barge to reach Acapulco, upon which they took passage with other refugees.

Madero Shot From Behind. Colonel Alcala asserted the news of Madero's fate was known in Washington before the hour named in the official version as the time of the alleged attempt to rescue him.

"As a matter of fact," said he, "President Madero and Vice-President Suarez were killed between 8 and 9:30 o'clock. The president was shot from behind and the powder burned his neck. Suarez was choked to death."

"His secretary, Fernandez de la Reguera, saw the body two days later, and there were finger marks on the throat. One eye had been forced from its socket and the tongue protruded."

Colonel Alcala was positive in his assertion that Mado. Madero had told him there was no hope for her husband, basing this fear on an interview she had with American Ambassador Wilson on the afternoon of February 22.

Mrs. Madero Sees Wilson.

Mrs. Madero and Mrs. Suarez went together to the Ambassador to implore him to intercede for their husbands' lives," he said. "I saw them when they left the embassy, and they told me there was no hope. They said Ambassador Wilson had expressed to them his belief that the president and vice-president would be executed, as the Huertistas regarded their deaths as necessary for the good of the country."

"General Ascaride was in command of the guard that night. I was told by another officer of the guard that it was he who slew Madero and Suarez."

Bitter in his criticism of Ambassador Wilson, Colonel Alcala declared the American diplomat had declined to intercede to save him from arrest and death.

GAS KILLS FAMILY OF FIVETube Believed to Have Come Off
Stove in Kitchen.

Chicago, March 21.—A family of five—father, mother, two sons and daughter—was wiped out by escaping gas fumes and the bodies found here in rooms on the second floor of a house at 2635 North Lawndale avenue. An open gas fixture and a disconnected gas tube in the kitchen told the story.

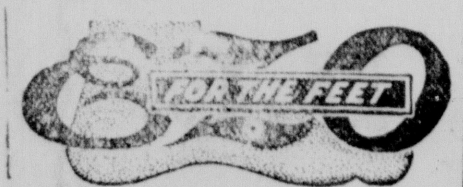

American to Wed Baroness.
Baltimore, Md., March 21.—A wedding of international interest will take place at the Cathedral Monday, May 5, when Baroness Alix Moncheur, daughter of Baron Moncheur, Belgian ambassador to Turkey, will become the bride of Robert F. Lorce, son of Mr. and Mrs. Leonard F. Lorce of New York.**EZO FOR THE FEET**

No Matter How Sore or Painful Your Feet, You Can Dance with Joy.

Don't feel blue; good vigorous feet are easy to get. Ask for a 25 cent jar of EZO, a pleasant, refined ointment, and be happy.

Rub it on those sore, tired, tender burning feet and the misery will disappear like magic.

Nothing on earth so good for corns, bunions, callouses, rough, chapped or itching skin, or chilblains. Secure it at Rowland Bros. and druggists everywhere.

WHY IS DIXON FIRM

Because Its Citizens Have Learned
the Truth.

After reading this generous and
encouraging report from Mr. Self
those who have the misfortune to
suffer, as he did, will naturally long
to get similar relief. But to get the
same good as Mr. Self had, you
should get the same remedy. There
are of course other kidney pills but
there are no other kidney pills the
same as I an's. That is why Dixon
people demand the genuine.

Roy F. Self, 516 Lincoln Ave., Dixon,
Ill., says: "Although I have not
used any kidney medicine myself, I
can recommend Doan's Kidney Pills
in view of what they have done in
our family. On of us had nervous
and dizzy spells and also suffered
from backache. The use of Doan's
Kidney Pills gave complete and per-
manent relief."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—
and take no other.

NOTED WOMEN TO FEAST

Mesdames Wilson, Marshall
and Clark Honor Guest.

Coterie of Leading Society Ladies of
Washington Arranging a Break-
fast for April 5.

Washington, March 21.—Mrs. Wood-
row Wilson and other prominent
Democratic women, including Mrs.
Thomas R. Marshall, wife of the vice-
president, and Mrs. Champ Clark, wife
of the speaker, will be guests of honor
with the cabinet women at a breakfast
being arranged by a coterie of leading
society women for April 5 at Raus-
cher's.

This breakfast will be much on the
order of the famous Dolly Madison
breakfast, at which gathered all kinds
and conditions of Democratic women
last spring.

Mrs. John W. Kern, wife of the
senator from Indiana, will act as toast-
mistress. The breakfast will be fol-
lowed by an illustrated lecture on
"The Historic White House." The
reception that those present may meet
Mr. Wilson and the other honored
guests will be the concluding fea-
ture.

RECEIVE LIPTON'S REQUEST

New York Yacht Club May Call Spe-
cial Meeting to Consider Question.

New York, March 21.—The New
York Yacht club received the cabled
request for a "reconsideration" of Sir
Thomas Lipton's challenge, but de-
clined to give out the text of the
message pending its official consid-
eration. A meeting of the club is
scheduled for March 27, but a special
meeting may be held to take up the
matter. Recent dispatches from Lon-
don have said that Sir Thomas might
modify the terms of his challenge,
eliminating the objectionable clause
which sought to limit the defender to
seventy-five feet waterline.

FAKE "ADS" GET BIG JOLT

Pennsylvania Law Provides Fine of
\$1,000 for False Statements.

Harrisburg, Pa., March 21.—The
laws of Pennsylvania now provide a
fine of \$1,000 and six months' im-
prisonment for deceiving the public with
false advertisements of fake "fire"
sales and the like. Governor Tener
has signed the bill. The governor
also signed the resolution that the
guests of the state at the Gettysburg
semi-centennial next July shall in-
clude all Union soldiers, sailors, mar-
ines and reserves who enlisted from
Pennsylvania and are now residents
of the state, and also all Confederate
veterans now in Pennsylvania.

IF CONSTIPATED OR

BILIOUS--CASCARETS

NO BILIOUSNESS, HEADACHE,
SICK, SOUR, STOMACH, INDI-
GESTION, COATED TONGUE, OR
CONSTIPATIO

Purged Tongue, Bad Taste, Indi-
gestion, Sallow Skin and Miserable
Headaches come from a torpid liver
and clogged bowels, which cause
your stomach to become filled with
undigested food, which sours and fer-
ments like garbage in a swill barrel.
That's the first step to untold mis-
ery—indigestion, foul gases, bad
breath, yellow skin, mental fears,
everything that is horrible and nau-
seating. A Cascaret tonight will
give your constipated bowels a thor-
ough cleansing and straighten you
out by morning. They work while
you sleep—a 10-cent box from your
druggist will keep you feeling good
for months. Millions of men and
women take a Cascaret now and
then to keep their stomach, liver and
bowels regulated, and never know a
miserable moment. Don't forget
the children—their little insides
need a good, gentle cleansing, too,
months.

"SAVE A DOLLAR—TWO"

From Factory to Foot

THE papers carry much news of the
farmers' revolt against the present
methods of reaching market with
their commodities. Potatoes cost-
ing the people of New York City eighty
million dollars, netted the producers but
sixteen millions. The middleman got the
difference.

A Shoe bought elsewhere than at the
"Wear-U-Well" branch exacts as many
middlemen's tolls.

Let us save you a dollar and two cents
on every pair by our "factory-to-foot" method.
Our branch open for business next Saturday.

DEERE DISC HARROWS

STRONGEST-HEAVIEST-BEST

DURABILITY

To do good work on the durable seems to us strong points on the disc
harrow question Good work demands a harrow that pulverizes the ground
thoroughly, that cuts out dead furrows, that adapts itself to any uneven
condition of the ground.

To be durable a harrow must have a strong frame, steel shanks, 7/8-inch
gang bolts, heavy gauge discs, and a general construction throughout that
leaves no room for question as to the strength of any part. All these points
have been built into the Deere Model B.

It is made in all sizes from 4-foot to 10-foot cut, 16-in., 18-in. and 20-
in. discs, has improved oscillating scrapers, extension oil tubes, with or
without weight boxes, and all sizes are furnished with a stub tongue. If
you are in the market for a disc harrow, be sure to see the Model B at our
store.

Misplaced Sympathy.

"In Montenegro men kiss one another but they never kiss the women."
"Is that right?"
"Yes. You see, the Montenegrins consider the kiss a sacred thing, which a man is never to bestow upon any one who is not his equal, and women in that country are regarded as being inferior to men. They are not permitted to sit at the table with the men and they are never kissed by their husbands or brothers or fathers or sweethearts."

"Say, I've been sympathizin' with them chaps, but I'm kind of sorry now that the Turks are losin' out."

Natural Query.

"Come in, darling. Hurry."
"What for?"
"We've got to get ready to go to the bride show, that is being given your Aunt Jessie."
"To the shower?"
"Yes, yes, dear."
"Mamma, are we going to wear our bathing suits or just go naked?"

PASSING.

Bangs—They tell me the craze for bridge is dying out.
Wangs—Yes; a friend of mine says it has gone on the shelf with ping pong and toothpick shoes.

An Optimist.

Though Fortune never smiled on him, His empty days to fill, He still averred with manly vim: "I'm sure some day she will!"

Real Enthusiasm.

"We roused the audience to great enthusiasm," said Mr. Stormington Barnes.
"Did they give you an ovation?"
"They did more than that. They got so interested that they insisted on breaking in with original dialogue, and some of them even tried to climb on the stage and take part in the battle scene."

The Landscape.

"This section," remarked the traveler, as he watched the clothes fluttering in the breeze as the train passed settlement after settlement, "shows evidences like those of a great flood."
"I can't see any," answered his puzzled companion. "What are they?"
"Why, don't you see the washouts all along the line?"
